DAFTAR TABEL

Tabel 3.1  Bagan Operasionalisasi Variabel .................................................. 32
Tabel 3.2  Metode Weighted Average Cost Of Fund atau Biaya
            Dana Rata-rata Tertimbang ...................................................... 33
Tabel 4.1  Uji Normalitas .............................................................................. 48
Tabel 4.2  Pengujian Hipotesis Autokorelasi ................................................. 49
Tabel 4.3  Uji Autokorelasi ........................................................................... 49
Tabel 4.4  Uji Autokorelasi ulang ................................................................. 50
Tabel 4.5  Uji Multikolineritas ...................................................................... 53
Tabel 4.6  Interpretasi Nilai Hubungan r dan R .............................................. 54
Tabel 4.7  Nilai Koefisien Korelasi Pearson Product Moment ....................... 54
Tabel 4.8  Perhitungan Koefisien Regresi ...................................................... 55
Tabel 4.9  Perhitungan Hipotesis Regresi Simultan ......................................... 57
Tabel 4.10 Perhitungan Hipotesis Regresi Parsial ........................................... 57
Tabel 4.11 Perhitungan Koefisien Determinasi Simultan ............................... 60
Tabel 4.12 Perhitungan Koefisien Determinasi Parsial ................................... 61
