DAFTAR LAMPIRAN ............................................................................................... xiii

BAB I  PENDAHULUAN .............................................................................................. 1

1.1 Latar Belakang .................................................................................................... 1

1.2 Identifikasi Masalah .......................................................................................... 5

1.3 Maksud dan Tujuan Penelitian ......................................................................... 6

1.4 Kegunaan Penelitian ....................................................................................... 6

1.5 Metodologi Penelitian ...................................................................................... 6

1.6 Lokasi Penelitian ............................................................................................. 8

BAB II  TINJAUAN PUSTAKA .................................................................................... 9

2.1 Manajemen Operasi dan Produksi .................................................................... 9

2.1.1 Pengertian Manajemen ................................................................................. 9

2.1.2 Pengertian Produksi dan Operasi ................................................................. 10

2.1.3 Pengertian Manajemen Produksi dan Operasi ............................................ 11

2.2 Pengendalian kualitas ..................................................................................... 13

2.2.1 Pengertian Pengendalian ........................................................................... 14

2.2.2 Pengertian Kualitas .................................................................................... 14

2.2.3 Pengertian Pengendalian Kualitas .............................................................. 17
