DAFTAR TABEL .............................................................................................................xi
DAFTAR LAMPIRAN .....................................................................................................xii
DAFTAR SINGKATAN ..................................................................................................xiii
DAFTAR ISTILAH/SIMBOL ..........................................................................................xiv

BAB I  PENDAHULUAN ..............................................................................................1
  1.1 Latar Belakang Masalah .......................................................................................... 1
  1.2 Rumusan Penelitian ............................................................................................ 3
  1.3 Tujuan Penelitian ................................................................................................ 3
  1.4 Batasan Masalah .................................................................................................. 4
  1.5 Kontribusi Penelitian .......................................................................................... 4
  1.6 Sistematika Penulisan .......................................................................................... 4

BAB II  LANDASAN TEORI ........................................................................................6
  2.1 Pengertian Studi Kelayakan Bisnis ........................................................................ 6
  2.2 Faktor- faktor yang menyebabkan kegagalan usaha ............................................. 9
  2.3 Tujuan Studi Kelayakan Bisnis ........................................................................... 11
  2.4 Aspek-aspek penilaian bisnis. .............................................................................. 12
      2.4.1 Aspek Hukum ............................................................................................. 12
      2.4.2 Aspek Pasar dan Pemasaran ...................................................................... 12
      2.4.3 Aspek Keuangan (Finansial) .................................................................... 13
2.4.4 Aspek Teknis/Operasi ................................................................. 15
2.4.5 Aspek Manajemen Sumber Daya Manusia (organisasi) ............. 16
2.4.6 Aspek Ekonomi Sosial ............................................................... 17
2.4.7 Aspek Dampak Lingkungan ......................................................... 17

BAB III METODOLOGI PENELITIAN ........................................... 19
3.1 Flow Chart Pengolahan Data ......................................................... 19
3.2 Uraian Flow Chart ......................................................................... 20

BAB IV PENGUMPULAN DAN PENGOLAHAN DATA ...................... 24
4.1 Pengumpulan Data ......................................................................... 24
4.1.1 Surat surat kelayakan usaha ....................................................... 24
4.1.2 Lokasi Tempat usaha peternakan .............................................. 24
4.1.3 Proyeksi Pengembangan Usaha ................................................. 25
4.2 Pengolahan Data ........................................................................... 25
4.1 Aspek Hukum ............................................................................... 26
4.2 Aspek Pasar ................................................................................. 26
4.3 Aspek Keuangan ........................................................................... 29
4.4 Aspek Teknis ................................................................................ 36
4.5 Aspek Manajemen dan organisasi ............................................... 40
4.6 Aspek Ekonomi dan sosial ......................................................... 41
4.7 Aspek Dampak lingkungan hidup ................................................ 42

BAB V ANALISIS ............................................................................. 43
5.1 Analisis Aspek Hukum .................................................................. 43
5.2 Analisis Aspek pasar .................................................................... 43
5.3 Analisis Aspek Keuangan .............................................................. 44
5.4 Analisis Teknis ............................................................................. 45
5.5 Analisis Aspek Manajemen dan Organisasi .................................. 46
5.6 Aspek Ekonomi dan Sosial ........................................................... 47
5.7 Aspek Dampak Lingkungan Hidup (AMDAL) ............................... 48
5.8 Analisis SWOT ............................................................................ 49
5.8.1 Menetukan Faktor-faktor Eksternal ......................................... 49
5.8.2 Menetukan Faktor-faktor Internal ............................................. 51
BAB VI KESIMPULAN DAN SARAN ................................................................. 58

6.1 Kesimpulan ......................................................................................... 58
  6.1.1 Aspek Hukum .............................................................................. 58
  6.1.2 Aspek Pasar .................................................................................. 58
  6.1.3 Aspek Keuangan .......................................................................... 58
  6.1.4 Aspek Teknis ................................................................................ 58
  6.1.5 Aspek Manajemen dan Organisasi.............................................. 59
  6.1.6 Aspek Ekonomi dan Sosial.......................................................... 59
  6.1.7 Aspek Dampak Lingkungan Hidup (AMDAL).............................. 59

6.2 Saran .................................................................................................. 59
