SURAT PERNYATAAN ........................................................................................................ ii
ABSTRACT ......................................................................................................................... iii
ABSTRAK ........................................................................................................................... iv
KATA PENGANTAR ............................................................................................................. v
DAFTAR ISI ....................................................................................................................... viii
DAFTAR GAMBAR ............................................................................................................. xii
DAFTAR TABEL ................................................................................................................ xiv
DAFTAR SIMBOL ............................................................................................................... xv

BAB I PENDAHULUAN ........................................................................................................ 1

1.1 Latar Belakang Masalah ................................................................................................. 1
1.2 Perumusan Masalah ....................................................................................................... 2
1.3 Batasan Masalah ........................................................................................................... 3
1.4 Tujuan Penelitian ......................................................................................................... 3
1.5 Metode Penelitian ....................................................................................................... 4
1.6 Sistematika Penulisan .................................................................................................. 5

BAB II LANDASAN TEORI ............................................................................................. 7

2.1 Peringkasan Teks Otomatis (*Automatic Text Summarization*) ....................... 7

2.1.1 Karateristik Peringkasan Teks Otomatis ................................................................. 7

2.2 Artikel ........................................................................................................................... 8

2.2.1 Ciri-ciri Artikel ........................................................................................................ 9

2.2.2 Jenis-jenis Artikel .................................................................................................. 10

2.2.3 Kata ........................................................................................................................ 10
BAB I PENUTUP
1.1 Latar Belakang

BAB II PENDAHULUAN
2.1 Pendahuluan

BAB III ANALISIS SISTEM
3.1 Identifikasi Masalah

4.1 Identifikasi Data Ditemukan

BAB IV PEMODELAN SISTEM
4.1 Identifikasi Data Ditemukan

BAB V PENUTUP
5.1 Kesimpulan dan Saran
3.6.4 Skenario Use Case Diagram User .................................................. 48

BAB IV PERANCANGAN SISTEM .......................................................... 57
4.1 Realisasi Use case Tahap Perancangan ........................................ 57
   4.1.1 Pemodelan Sistem Menggunakan Sequence Diagram ................ 57
   4.1.2 Pemodelan Sistem Menggunakan Class Diagram .................. 58
4.2 Perancangan Arsitektur Antarmuka ............................................. 59
   4.2.1 Struktur Menu ......................................................................... 59
   4.2.2 Penjelasan Struktur Menu ..................................................... 60
4.3 Perancangan Database ................................................................. 61
4.4 Listing Program ........................................................................... 61
   4.4.1 Extract Text From PDF ........................................................... 62
   4.4.2 Text Preprocessing ............................................................... 63
   4.4.3 Text Transformation ............................................................ 65
   4.4.4 Pattern Discovery / Analysis ............................................... 68
4.5 Perancangan Antarmuka ............................................................... 73

BAB V IMPLEMENTASI DAN PENGUJIAN ........................................... 80
5.1 Lingkungan Implementasi ............................................................... 80
   5.5.1 Lingkungan Perangkat Keras (Hardware) ................................. 80
   5.5.2 Lingkungan Perangkat Lunak (Software) ................................. 81
5.2 Implementasi Sistem ..................................................................... 82
5.3 Implementasi Antarmuka ............................................................... 83
   5.3.1 Antarmuka Halaman Home .................................................... 83
   5.3.2 Antarmuka Halaman Copy & Paste Text ................................ 84
   5.3.3 Antarmuka Halaman Upload A PDF Document .................... 85
   5.3.4 Antarmuka Halaman Ringkasan ............................................ 86
5.3.5 Antarmuka Halaman Text Asli

5.3.6 Antarmuka Halaman Hasil Akurasi TF-IDF

5.3.7 Antarmuka Halaman Tabel Hasil Preprocessing

5.3.8 Antarmuka Halaman Data Training

5.3.9 Antarmuka Halaman Tambah Kata

5.3.10 Antarmuka Halaman About

5.4 Sitemap Program

5.5 Alur Penggunaan Fitur

5.5.1 Penggunaan Fitur Copy & Paste Text

5.5.2 Penggunaan Fitur Upload A PDF Document

5.5.3 Penggunaan Fitur Hasil Ringkasan

5.5.4 Penggunaan Fitur Data Training

5.5.5 Penggunaan Fitur About

5.6 Pengujian Sistem

5.6.1 Pengujian Kepada Responden

5.6.2 Hasil Pengujian Sistem

BAB VI PENUTUP

6.1 Kesimpulan

6.2 Saran
