2.4.3 Tahap-Tahap Menganalisis Kinerja Keuangan...................................42

2.4.4 Analisis Kinerja Perusahaan.................................................................44

2.5 Kerangka Pemikiran...............................................................................46

2.6 Hipotesis Penelitian.................................................................................53

BAB III OBJEK DAN METODE PENELITIAN.............................................54

3.1 Objek Penelitian......................................................................................54

3.2 Populasi dan Sampel Penelitian.............................................................55

3.2.1 Populasi Penelitian..............................................................................55

3.2.2 Sampel.................................................................................................56

3.3 Metode Penelitian..................................................................................58

3.3.1 Desain Penelitian................................................................................58

3.3.2 Tipe Penelitian....................................................................................58

3.3.3 Unit Analisis.........................................................................................59
3.3.4 Jenis dan Sumber Data..........................................................................................59
3.3.5 Teknik Pengumpulan Data....................................................................................60
3.3.6 Teknik Pengolahan Data......................................................................................61
3.3.7 Operasionalisasi Variabel Penelitian...............................................................62
3.4 Metode Analisis Data..............................................................................................67
  3.4.1 Analisis Statistik Deskriptif..............................................................................67
  3.4.2 Analisis Regresi Data Panel............................................................................68
  3.4.3 Pemilihan Model Estimasi Regresi Data Panel..............................................70
    3.4.3.1 Uji Chow.................................................................................................71
    3.4.3.2 Uji Hausman............................................................................................72
  3.4.4 Uji Kecocokan Model (Goodness and Fit)....................................................72
3.5 Pengujuan Hipotesis..............................................................................................73
  3.5.1 Penetapan Tingkat Signifikansi........................................................................75

BAB IV HASIL PENELITIAN DAN PEMBAHASAN..................................................76
4.1 Hasil Penelitian......................................................................................................76
  4.1.1 Gambaran Umum Penelitian...........................................................................76
  4.1.2 Gambaran Mengenai Variabel Penelitian....................................................77
    4.1.2.1 Pengungkapan Corporate Social Responsibility.................................77
    4.1.2.2 Kinerja Keuangan Perusahaan...............................................................80
4.2 Analisis Deskriptif..................................................................................................83
4.3 Analisis Regresi Data Panel...................................................................................85
  4.3.1 Pendekatan Common Effect..........................................................................85
4.3.2 Pendekatan *Fixed Effect* .................................................................85

4.3.3 Pendekatan Model *Random Effect* ..................................................86

4.4 Pemilihan Model Estimasi Regresi Data Panel ........................................87

4.4.1 Uji *Chow* ...........................................................................................87

4.5 Analisis Regresi Data Panel Model *Common Effect* ................................89

4.6 Uji Kecocokan Model (*Goodness and Fit*) .............................................90

4.7 Pengujuan Hipotesis (Uji t) .................................................................91

4.8 Pembahasan ..........................................................................................93

4.8.1 Pengungkapan *Corporate Social Responsibility* Pada Perusahaan Manufaktur di Sektor Industri Otomotif yang Terdaftar di Bursa Efek Indonesia Tahun 2010-2014 ........................................................................93
