DAFTAR GAMBAR ............................................................................................................. xiii
DAFTAR LAMPIRAN ........................................................................................................... xiv

BAB I PENDAHULUAN ........................................................................................................ 1
1.1 Latar Belakang Penelitian ............................................................................................. 1
1.2 Identifikasi Masalah ...................................................................................................... 12
1.3 Maksud dan Tujuan Penelitian ................................................................................... 13
1.4 Kegunaan Penelitian ................................................................................................... 14
1.5 Lokasi dan Waktu Penelitian ....................................................................................... 15

BAB II TINJAUAN PUSTAKA ............................................................................................... 16
2.1 Agency Theory .............................................................................................................. 16
2.2 Earnings Management ................................................................................................ 18
2.3 Fraud ............................................................................................................................... 21
2.3.1 Definisi Fraud ............................................................................................................. 21
2.3.2 Fraud Triangle Theory ............................................................................................. 24
2.3.3 Statement Auditing Standard No. 99 ......................................................................... 25
2.3.3.1 Pressure .................................................................................................................. 26
2.3.3.2 Opportunity ............................................................................................................ 26
2.3.3.3 Rationalization ......................................................................................................... 27
2.3.4 Jenis-Jenis Fraud ....................................................................................................... 30
2.3.5 Fraud Tree .................................................................................................................. 31
2.3.6 Financial Statement Fraud ........................................................................................ 34
2.3.7 Kasus Fraud ................................................................. 36
2.4 Penelitian Terdahulu ..................................................... 41
2.5 Kerangka Pemikiran ....................................................... 65
   2.5.1 Pengaruh financial stability terhadap fraudulent financial statement ........................................ 65
   2.5.2 Pengaruh external pressure terhadap fraudulent financial statement ........................................ 66
   2.5.3 Pengaruh personal financial needs terhadap fraudulent financial statement ............................... 67
   2.5.4 Pengaruh financial targets terhadap fraudulent financial statement .......................................... 68
   2.5.5 Pengaruh ineffective monitoring terhadap fraudulent financial statement .............................. 69
   2.5.6 Pengaruh rationalization terhadap fraudulent financial statement ........................................... 70
   2.5.7 Pengaruh financial stability, external pressure, personal financial needs, financial targets, ineffective monitoring dan rationalization terhadap fraudulent financial statement .................. 72
2.6 Hipotesis Penelitian ....................................................... 74

BAB III OBJEK DAN METODE PENELITIAN .............................. 75
3.1 Objek dan Subjek Penelitian .......................................... 75
3.2 Unit analisis, Populasi dan Sampel Penelitian .................... 76
3.3 Metode Penelitian .......................................................... 79
3.4 Metode Pengumpulan Data ............................................. 80
3.5 Operasionalisasi Variabel Penelitian ................................. 81
   3.5.1 Variabel Bebas (Independent Variable) ......................... 81
      3.5.1.1 Financial Stability ............................................. 83
      3.5.1.2 External Pressure ............................................. 83
      3.5.1.3 Personal Financial Needs ................................. 84
      3.5.1.4 Financial Targets ............................................. 85
3.5.1.5 Ineffective Monitoring ............................... 86
3.5.1.6 Rationalization ............................................... 87
3.5.2 Variabel Terikat (Dependent Variable) ................. 88
3.5.3 Operasionalisasi Variabel ...................................... 94
3.6 Metode Analisis Data ................................................. 97
3.6.1 Statistika Deskriptif ............................................... 98
3.6.2 Pengujiian Asumsi Klasik ......................................... 98
     3.6.2.1 Uji Normalitas ................................................. 99
     3.6.2.2 Uji Multikolinearitas ......................................... 100
     3.6.2.3 Uji Autokorelasi .............................................. 101
     3.6.2.4 Uji Heteroskedastisitas ....................................... 102
3.6.3 Teknik dan Analisis Regresi Linear ......................... 102
     3.6.3.1 Analisis Regresi Linear Berganda Data Panel ....... 102
     3.6.3.2 Estimasi Model Data Panel .................................. 104
     3.6.3.3 Pemilihan Metode Estimasi dalam Data Panel ....... 106
     3.6.3.4 Model Empiris ................................................ 109
3.6.4 Rancangan Pengujiian Hipotesis ....................... 111

BAB IV HASIL PENELITIAN DAN PEMBAHASAN ............... 117
4.1 Hasil Penelitian ....................................................... 117
    4.1.1 Gambaran Umum Penelitian .................................. 117
    4.1.2 Gambaran Mengenai Variabel Penelitian ............... 118
        4.1.2.1 Gambaran Mengenai Variabel Financial Stability 
Pada Sektor Perbankan yang terdaftar di BEI Tahun 
2010-2016 ......................................................... 118
        4.1.2.2 Gambaran Mengenai Variabel External Pressure 
Pada Sektor Perbankan yang terdaftar di BEI Tahun 
2010-2016 ......................................................... 122
        4.1.2.3 Gambaran Mengenai Variabel Personal Financial Needs 
Pada Sektor Perbankan yang terdaftar di BEI 
Tahun 2010-2016 .................................................... 128
4.1.2.4 Gambaran Mengenai Variabel Financial Targets
Pada Sektor Perbankan yang terdaftar di BEI Tahun 2010-2016 ......................................................... 132
4.1.2.5 Gambaran Mengenai Variabel Ineffective Monitoring
Pada Sektor Perbankan yang terdaftar di BEI Tahun 2010-2016 ......................................................... 137
4.1.2.6 Gambaran Mengenai Variabel Rationalization
Pada Sektor Perbankan yang terdaftar di BEI Tahun 2010-2016 ......................................................... 142
4.1.2.7 Gambaran Mengenai Variabel Fraudulent Financial Statement Pada Sektor Perbankan yang terdaftar di BEI Tahun 2010-2016 ................................................................. 150
4.1.3 Analisis Statistik Deskriptif ......................................... 155
4.2 Pemilihan Model Data Panel .......................................................... 160
4.3 Uji Asumsi ........................................................................ 164
4.3.1 Uji Asumsi Klasik ............................................................. 165
4.3.1.1 Uji Normalitas ........................................................... 165
4.3.1.2 Uji Multikolinearitas ................................................ 167
4.3.1.3 Uji Heteroskedastisitas ............................................ 169
4.3.1.4 Uji Autokorelasi ...................................................... 172
4.3.2 Model Empiris ................................................................. 174
4.4 Pengujian Hipotesis .............................................................. 178
4.4.1 Pengujian Hipotesis Secara Parsial (Uji t) .......................... 178
4.4.2 Pengujian Hipotesis Secara Overall (Uji F) ....................... 180
4.5 Pembahasan ........................................................................ 182
4.5.1 Pengaruh Financial Stability Terhadap Fraudulent Financial Statement ......................................................... 182
4.5.2 Pengaruh External Pressure Terhadap Fraudulent Financial Statement ......................................................... 183
4.5.3 Pengaruh Personal Financial Needs Terhadap Fraudulent Financial Statement ......................................................... 186
4.5.4 Pengaruh Financial Targets Terhadap Fraudulent Financial Statement ...................................................... 187

4.5.5 Pengaruh Ineffective Monitoring Terhadap Fraudulent Financial Statement ................................................... 189

4.5.6 Pengaruh Rationalization Terhadap Fraudulent Financial Statement ................................................................. 191

4.6 Analisis Koefisien Determinasi ................................................................. 194

BAB V SIMPULAN DAN SARAN ................................................................................................................................. 195

5.1 Simpulan ........................................................................................................ 195

5.2 Saran ............................................................................................................. 200
